## With inbuilt LED & Planter

Supremo LED Road Divider is a revolutionary and one of its kind concept introduced in India by Supremo India Pvt Ltd. It is the only product designed specifically for road safety, active and easy segregation of lanes with inbuilt LED and Planters.

Apart from its aesthetic looks and ergonomically design, it is manufactured in a single moulded piece, using especially formulated UV stabilized compounds that helps in increasing colour fastness and saves the product from degradation. It is extreme weather resistant, robust and sturdy enough to last for years. It is primarily made up of high strength virgin and industrial grade LLDPE Polymer especially designed for outdoor usage, as used in water tanks.

It is a unique Road Divider with inbuilt power saving LED and inbuilt Planter thus leaving no carbon footprints.

- Made of high industrial grade virgin UV Stabilized LLDPE Polymer
- Single Piece Joint less Moulding
- Sturdy, Robust and Long Lasting
- In-built LED lights for better aesthetics
- LED lights improves the visibility of road track, thus minimize the accidents
- Provision of soil at top portion for plantation
- Sand will be filled at bottom portion to make it heavy and stand alone
